Protests must be lodged within 24 hours of incident occurring.
4. Exhibitors may ask the judge for constructive criticism on breaks at the judge's discretion.
5. No person who has received instruction or training, whether or not for remuneration, from the judge within 60 days prior to the show may exhibit in that show. CLASS DESCRIPTIONS

1. Longe Line. 1 year olds. The exhibitor may show only 1 horse. The only attachment allowed to the halter is the longe line. The longe line must hang free from the halter without touching any part of the horse. The longe line may not exceed 30 feet in length. For the conformation judging, the exhibitor may use a lead shank in place of a longe line. The lead shank or longe line chain can be used under the chin, over the nose, or hanging from the halter. The exhibitor will be allowed 1½ minutes to present the horse. The announcer will signal when time is over. The horse must walk, trot, and lope in each direction. Before longeing competition begins, each horse will be shown to judge for conformation inspection. The horse is judged 70% on its movement, 20% on its conformation and 10% on its manners, expression and attitude.

This class is for exhibiting yearling horses on a longe line to demonstrate that the horse has the movement, manners, expression, attitude, and conformation to become either a "western pleasure prospect" or a "hunter under saddle prospect." If showing a western pleasure prospect, the exhibitor would wear appropriate western attire. If showing a HUS prospect, the exhibitor would wear English attire. A warm-up period is required for all exhibitors. Exhibitors may show only one horse.

The class format consists of two parts:

- A. Conformation inspection, which will occur prior to the longeing demonstration, at which time each entry will be walked to the judge and pause for conformation inspection. They then will trot off straight and around a cone. The judge will also check for evidence of lameness. Conformation will count for 20% of overall score. Allowed equipment during inspection is a halter with a lead shank, or longe line no longer than 30 ft. attached by a snap.
- B. Longeing demonstration, which lasts one and one-half minutes. Demonstration will begin at signal, another signal at "half," 45 seconds, and the final signal at 90 seconds for the end. Horse to be judged on all 3 gaits (walk, jog, lope) both directions, and use of circle (25 ft radius), which will count for 70% of overall score. Manners, expression, and attitude will count for 10% of overall score. Allowed equipment is a halter with a longe line no longer than 30 ft. attached by a snap, no chains allowed, mechanical or retractable lines are not acceptable, and a whip is optional.

Ranch Horse Classes (40-44)

42. Ranch Horse characteristics:
- A. The Ranch Horse should reflect the versatility, attitude, and movement of a working horse.
 - B. The horse's performance should simulate a horse riding outside the confines of an arena and that of a working ranch horse. This class should show the horse's ability to work at a forward, working speed while under control by the rider.
 - C. Light contact should be rewarded and horse does not have to be shown on a full drape of reins.
 - D. The overall manners and responsiveness of the horse while performing the maneuver requirements, and the horse's quality of movement are the primary considerations.
 - E. The following apparel and/or equipment are discouraged and could result in a lower placing:
 - a) Hoof polish.
 - b) Braided or banded manes or tail extensions.
 - F. Trimming inside ears and bridle path is allowed, also trimming of fetlocks or excessive (long) facial hair.
 - G. Equipment with silver will not increase a score over a good working outfit.
43. Ranch Horse Riding (pattern class). Each horse will work individually, performing both required and optional maneuvers, and scored on the basis of 0 to 100, with 70 denoting an average performance.
- A. The required maneuvers will include the walk, jog, and lope both directions: and the extended jog and lope at least one direction; as well as stops, turn to change directions, and back.
 - B. Three optional maneuvers may include a side pass, turns of 360 or more, change of lead (simple or flying), walk, jog, or lope over a pole(s); or some reasonable combination of maneuvers that would be reasonable for a ranch horse to perform.
 - C. The maneuvers may be arranged in various combinations with final approval by the judge.
 - D. The overall cadence and performance of the gaits should be as those described as natural long-stride walk, smooth jog, ground-covering extended trot, rhythmical natural stride lope; ... with an emphasis on forward movement, free-flowing, and ground covering for all gaits. Transitions should be performed where designated, with smoothness and responsiveness.
 - E. No time limit.
 - F. Any AQHA pattern will be acceptable for use at SCSHA shows.
 - G. Failure to perform a required maneuver will result in a horse placing below all other horses that perform all maneuvers.
 - H. If available, score sheets will be posted for review.
44. Ranch Horse (Rail). This purpose of this class is to showcase the natural working ranch horse. Horses will be asked to walk, jog and lope both directions on the rail. Horses may be asked to extend the jog and lope, as well as other maneuvers requested by the judge. An unnatural low head carriage will be penalized, as well as extremely fast or slow horses. Western attire and equipment must be used.
45. Ranch Trail. This class contains a course with six (6) obstacles and 3 gaits and is designed to show a horse's ability and willingness to perform several tasks that might be asked of him during the course of a normal day's ranch work. This class will be judged on the performance of the horse over obstacles, with emphasis on manners, response to the rider and quality of movement. Credit will be given to horses negotiating the obstacles with style. Horses should receive credit for showing attentiveness to the obstacles and the capability of picking their own way through the course when obstacles warrant it, and willingly responding to the rider's cues on more difficult obstacles. The horse will be judged on three gaits (walk, trot and lope) performed during the pattern. A horse will be rewarded with higher maneuver scores for performing these gaits on the correct lead and with an alert attitude. Horses are to be shown at a ground covering walk, working trot and lope. A distance of at least 30 feet or more is mandatory between obstacles to evaluate the horse's way of go at each gait. This class consists of a course pattern with 9 judged maneuvers that consist of 3 gaits (walk, trot, and lope), 4 mandatory obstacles and 2 optional obstacles chosen from the list below by the Event Manager. A combination of two or more obstacles is permissible. The judge may ask a rider to move on to the next obstacle if the horse/rider is unable to complete the maneuver in a reasonable amount of time or if the Judge deems that the rider is, or will be in an unsafe situation. The judge will walk the course and has the right and duty to alter the course if unsafe or unreasonable. If at any time a trail obstacle is deemed unsafe by the judge, it shall be repaired or removed from the course. If it cannot be repaired and horses that have completed the course, the score for that obstacle shall be deducted from all previous works for that class. All courses and obstacles will be constructed with safety in mind to eliminate any possibility of accidents.

- a) Mandatory Obstacles:
 1. Opening, passing through and closing the gate. Use a gate that will not endanger horse or rider. The rein hand may be changed to work the gate without penalty if the change is made prior to and after the gate has been worked.
 2. Dismount, and pick up four feet. The horse shall remain quiet while the rider dismounts (hobbles and get downs are permitted), then picks up all four of the horse's feet. The horse should remain still and quiet as the rider remounts, leaving a loose rein. Exhibitors have the option of using a mounting block to remount. Once the rider is settled into the saddle and is still, the rider may then move the horse forward. NOTE: The horse may shift his weight during the process of dismounting and remounting.
 3. Log drag - Horse must be willing to drag a log for a short distance either in a straight line or around a set pattern. Rope should be dalled around the saddle horn and not tied hard and fast.
- b) Optional Obstacles:
 1. Dry Water hazard - The horse should show willingness to cross a simulated water obstacle.
 2. Put on and remove a slicker - Rider approaches slicker, removes slicker from holder, puts on slicker replaces slicker to the holder.
 3. Remove, carry and replace item - Requires the exhibitor to carry or remove an item that is used every day on horseback such as mail from a mailbox, sack, rope, etc.
 4. Bridge - Horse shows willingness to walk across obstacle designed to simulate a bridge.
 5. Crossing obstacle - While mounted the horse would walk over obstacle no more than 18" in height.
 6. Ride over at least four logs - Walking only if laid at odd angles. Laid flat and in measured distances, the measuring point should be the path the horse would be expected to take. Trot over's: 2'6" to 3'6" (measured inside to inside of logs). Lope over's: 6' to 7'.
 7. Stationary steer - This obstacle is used to show the willingness of the horse to have a rope thrown from its back. The judge will give credit to the horse that stands quietly while the contestant makes the swing and throw at the stationary steer. Shying from the rope will be penalized. Credit will be given for good rope handling and a catch. Only one loop will be allowed. Fast and efficient loop build and put away after roping will be rewarded.
 8. Back
 9. Side pass
 10. Crossing unevenly placed brush or logs - to be judged on willingness to cross with additional credit for picking way through. Minor ticks will not be penalized.
- c) Minor Penalties:
 1. Horses shall be penalized for any unnecessary delay while approaching or negotiating the obstacles. Horses with artificial appearance over obstacles should be penalized.
 2. The course must be designed to require each horse to show the three gaits (walk, trot and lope) somewhere between obstacles as a part of its work, and quality of movement and cadence should be considered as part of the maneuver score. While on the line of travel between obstacles, the horse shall be balanced, carrying his head and neck in a relaxed, natural position, with the poll level with or slightly above the withers. The head should not be carried behind the vertical, giving the appearance of intimidation, or be excessively nosed out, giving a resistant appearance.
 3. Each obstacle will receive a maneuver score that should be added or subtracted from 70 and is subject to a penalty that should be subtracted. Each obstacle will be scored on the following basis, ranging from minus 3 to a plus 3; does not attempt maneuver -7, extremely poor -3, very poor -2, poor -1, correct 0, good +1, very good +2, excellent +3. Obstacle scores are to be determined and assessed independently of penalty points. Penalties should be assessed per occurrence as follows:

The following deductions will result:

One/half (1/2) point:

 - Each tick of log pole, cone, plant, or any component of the obstacle
 - Minor ticks crossing uneven placed brush or logs will not be penalized.

One (1) point:

 - Each bite or hit of or stepping on a log, cone, plant or any component of the obstacle
 - Incorrect or break of gait at walk or jog for two strides or less

- Both front or hind feet in a single stride slot or space
- Skipping over or failing to step into required space
- Split pole in lope over

Three (3) Points:

- Incorrect or break of gait at walk or jog for more than 2 strides
- Out of lead or break of gait at lope
- Knocking down an elevated pole, cone, barrel, plant, obstacle, or severely disturbing an obstacle

Five (5) Points:

- Dropping slicker or object required to be carried on course
- First or second cumulative refusal, balk, or evading an obstacle by shying or backing
- Letting go of gate or dropping rope gate
- Use of either hand to instill fear or praise
- Blatant disobedience (including kicking out, bucking, rearing, striking)

4. Major Penalties (-10):

- Use of two hands on senior horse or Junior Horse with Curb Bit
- Misuse of romal
- Missed Pattern
- Illegal or failed equipment
- Touch Horse or saddle
- More than one finger between reins
- Riding outside the course area

5. Course Maintenance: Care should be taken by Event Management that the course should be reset after each run to insure each exhibitor is presented with an identical course. (i.e. log/brush spacing, rope coil and log location for log drag, etc.)

6. Does Not Attempt Maneuver (-7): Example – The rider approaches the log drag obstacle and rides past making no attempt to perform: - A -7 Maneuver Score is marked

7. A -10 Missed Pattern is marked (note, the -10 missed pattern penalty can only be awarded once during the trail class), however, other major penalties of -10 may be incurred (use of two hands with curb bit, more than one finger between the reins, illegal or failed equipment, etc).

44. Ranch Conformation - The purpose of this class is to select horses that are the most positive combination of form (balance, way of going and structure, substance/muscle, and conformation features) -to-function (as demonstrated in Ranch Cutting, Working Ranch Horse, Ranch Trail, and Ranch Riding)

- Ranch Conformation will be evaluated by the judge individually. Balance, way of going and structure, substance/muscle, head and neck, shoulders/withers/heart girth, and hip/loin/back will be rated on a scale from below average to excellent. Credit can be earned for good conditioning, Showmanship and manners.
- Credits
 - Conditioning: Horses should be fit. They should be in proper weight and muscle tone with a healthy hair coat and proper shoeing. Judges may score from a -3 very poor to a +3 excellent for that element. Conditioning is an element that can be improved upon by the rider with proper attention and practice.
 - Showmanship: Horse should be exhibited to the judge in a manner in which the judge can easily examine all conformation features. The walk to the Judge should be direct and straight. The Square for Examination should be accomplished quickly with all four feet as square as possible, with the horse alert with weight evenly distributed. The trot should be upon command and of even speed. The horse should be well mannered at all times. Judges may score from a -3 very poor to a +3 excellent for that element. Showmanship is an element that can be improved upon by the rider with proper attention and practice.

45. Western Riding. (18 & under, 19 & over, open) The horse is judged on quality of gaits, lead changes at the lope, response to the rider, manners and disposition. The horse should perform with reasonable speed, and be sensible, well-mannered, free and easy moving.
- A. Exhibitors will be scored on a basis of 0 to 100 with 70 denoting an average performance. A score card will be furnished and turned in with the judge's card.
 - 1. Five points will be deducted for being out of lead beyond the next designated change area; holding the saddle with either hand; and use of either hand to instill fear or praise.
 - 2. Three points will be deducted for not performing the specific gait (jog or lope) or not stopping when called for in the pattern, within 10 feet (3 meters) of the designated area; simple change of leads; out of lead at or before the marker prior to the designated change area or out of lead at or after the marker after the designated change area; additional lead changes anywhere in pattern (except when correcting an extra change or incorrect lead); break of gait at walk or jog for more than two strides; and break of gait at the lope.
 - 3. One point will be deducted for hitting or rolling the log; out of lead more than one stride either side of the center point and between the markers; splitting the log (log between the two front or two hind feet) at the lope; break of gait at the walk or jog up to two strides; and non-simultaneous lead change (including front to hind, hind to front, front or hind legs coming together during the change).
 - 4. Credit shall be given for and emphasis placed on smoothness, even cadence of gaits (i.e., starting and finishing pattern with the same cadence), and the horse's ability to change leads precisely, easily and simultaneously both hind and front at the center point between markers. In order to have balance, with quality lead changes, the horse's head and neck should be in a relaxed, natural position, with his poll level with or slightly above the level of the withers. He should not carry his head behind the vertical, giving the appearance of intimidation, or be excessively nosed out, giving a resistant appearance. The horse should have a relaxed head carriage showing response to the rider's hands, with a moderate flexion at the poll. Horses may be ridden with light contact or on a reasonably loose rein. The horse should cross the log both at the jog and the lope without breaking gait or radically changing stride.
 - 5. Excessive speed will be penalized.
 - 6. Lead changes should be made as near the half-way point between the markers as possible.
 - 7. Lead changes at the lope should be flying lead changes; however, a contestant who performs simple lead changes should be penalized, but not disqualified.
 - 8. When a marker is hit or knocked down, the horse shall be penalized but not disqualified.
 - 9. Failure to manipulate the cones in the proper sequence will result in disqualification.
 - B. Western attire and tack are required with the exception that leg wraps and/or boots are optional at the rider's discretion.
 - C. Safety should be a consideration when constructing the following course.
 - 1. The small circles represent pylon markers. These should be separated by a uniform measured distance of not less than 30 feet nor more than 50 feet on the sides with 5 markers. It is recommended that markers be set a minimum of 15 feet from the fence and with 50 to 80 foot width in the pattern, as the arena permits.
 - D. All Western Riding patterns will be any AQHA approved pattern.
46. Trail. (Open) In the open class the exhibitor can show more than one horse.
- A. An exhibitor may use only one hand on the reins and may not change hands except when putting on or removing a slicker, carrying an object from one part of the arena to another, opening or closing a gate, or dismounting.
 - B. Judging Procedures:
 - 1. This class will be judged 100% on the performance of the horse over obstacles, response to the rider, intelligence, and manner of travel at a walk, trot, and lope. The walk, trot, and lope should be performed as the horse moves from one obstacle to the next, giving the judge an opportunity to evaluate all three gaits somewhere within the trail course. EXAMPLE: The horse could walk from the first to the second obstacle, trot from the second to the third, and lope from the third to the fourth obstacle.
 - 2. The trail course must be outlined by the show management and posted for the contestant and the judge by noon.
 - 3. Credit will be given to those horses negotiating the obstacles smoothly and responding promptly to the rider's cues. Any horse performing with an artificial or mechanical appearance should be penalized.
 - 4. Excessive speed is to be penalized.

5. The judge may ask for additional work from any competitor.
6. A time limit must not be placed on the entire trail course. However, the judge may set a time on individual obstacles. If a time limit is not established, the judge may direct the contestant to proceed to next obstacle when it becomes evident that the horse will not perform.
7. Failure to follow the sequence of obstacles on the trail course as outlined and posted by the show management will result in disqualification. All obstacles must be attempted. However, if an exhibitor attempts and fails to complete an obstacle(s), this will not be grounds for disqualification but should be judged accordingly.

C. Obstacle Requirements:

1. Six (6) obstacles will be used, the four mandatory obstacles and two additional obstacles selected from the optional list.
2. Care must be exercised to avoid setting up any of these obstacles in a manner that may be hazardous to the horse or rider. Obstacles not combined shall be a minimum of nine (9) feet apart.
3. When the completion of an obstacle as specified is unsafe or impossible without changing hands on the reins, then all competitors must be advised that such a change of hands is permitted.

D. Mandatory obstacles:

1. Gate. The gate must be a minimum of 4 feet in length and 4 feet in height, so that the contestant can open it from his right side or his left side. The rider may not change hands or lose control of the gate while passing through.
2. Bridge. The bridge will have a wooden floor not to exceed twelve (12) inches in height and may have side rails no less than thirty inches apart. A log placed under the bridge to create a teeter-totter effect shall be prohibited.
3. Backing. Any one of the following obstacles may be used.
 - i. The L shape with a minimum of 30 inches separating the logs or rails and the length of the L must be at least 10 feet.
 - ii. Three (3) barrels or markers in a straight line and at least 36 inches apart.
 - iii. Rails making a U shape that must be at least 6 to 8 feet long. The 3 outside rails make the U with the middle rail to be at least 36 inches from the outside to the middle on both sides; thus, it makes a channel for the horse to back.
 - iv. The triangle of barrels, 40 inches apart, or markers, 36 inches apart.
4. Logs. This obstacle consists of at least four smooth logs placed at least 18" apart in such a manner as to demonstrate the willingness of the horse to proceed over such obstacles. Walk over logs will be spaced 18" to 24" apart; trot over logs placed 24" to 36" apart; lope over logs placed 6' to 7' apart.

E. Optional Obstacles:

1. Carrying Object. Any object, other than animal or fowl, and a reasonable size or weight, may be carried to a specified point.
2. Ground Tie. The rider is to proceed to the designated place, dismount, ground tie his horse, and move away from the horse a reasonable distance. Then he should proceed to walk around the horse in a circle with a 10 to 15 feet radius (distance from horse) to clearly show the proper training of the horse.
3. Slicker. When this obstacle is used, it will be so located that the rider can ride to the slicker, put it on, and return it to a designated place. Reins may be held or dropped on the neck of the horse or over-the saddle horn while so doing.
4. Barricades. An obstacle not less than 14" high nor more than 24" high may be designed for a horse to be ridden over or led over, as specified in the design of the course.
5. Side Pass. An object of such a nature and length that is safe and lying on the ground may be used to demonstrate the responsiveness of the horse to leg signals. Objects such as a bale of hay that may become entangled in a horse's feet or legs will not be used. The obstacle may be designed to require the horse to side pass either or both ways in a pattern.
6. Mail Box. The exhibitor should side pass to, remove the article in the mail box, put it back, and side pass away from the mail box.
7. Lime Circle. This obstacle should require a turn on the forehand with the front feet inside and the back feet turning on the outside of the lime circle. The turn can be either direction unless specified on the pattern.
8. Square. The horse should plant all 4 feet in the square, make a 360 degree turn and ride out. The logs or rails

forming the square must be at least 5 to 6 feet long.

9. Drag or Pull. Any object other than animal or fowl that can reasonably be pulled or dragged without the contestant having to dally may be used. Dallying shall be at the option of the contestant.
 10. The Trail Committee can design new obstacles but has to gain approval of the executive committee before adding them to the trail rules or put them in a trail class that is approved by the SCSHA.
47. Walk-Trot Trail. (all ages) The previous trail rules will apply to this class; however, only 4 obstacles will be required, 2 mandatory and 2 optional. No gate will be allowed. The contestants must also show at a walk and a trot during the pattern.
48. In Hand Trail (all ages) In Hand Trail requires that only a halter be used for head gear (no bridles). The horse may be saddled or unsaddled. Horses will be judged based on the same methods and criteria as trail performance under saddle with obvious adjustments for the pattern and method of exhibition. The In Hand Trail class will utilize the Walk/Trot trail pattern provided at each show. Show management may require additional obstacles, such as a gate, when it fits into the flow of the pattern and deemed appropriate to do so. Whips, bats, or other artificial aids are not permitted. Horses are to be shown primarily from the horse's left with the exhibitor's right hand on the lead, as in halter or showmanship. Excess lead may be coiled and held in either hand and it is also permissible to change hands and/or sides of the horse as necessary to negotiate a particular obstacle. (e.g. sidepass or gate). At no time may the exhibitor's free hand or excess lead held in the free hand come in contact with the horse or horse's equipment, with the exception of sidepassing.
49. Reining (18 and under, 19 and over) Each horse will be judged on ease, calmness and reasonable speed with which it performs the pattern.
50. Reining (Open) More than one entry will be allowed per rider. Only AQHA approved patterns are to be used.

EQUESTRIANS WITH DISABILITIES RULES

51. Equestrians With Disabilities (EWD) classes are offered for riders with a diagnosed mental or physical condition that would prevent them from safely competing in a traditional class. SCSHA reserves the right to request proof of diagnosis from a licensed medical doctor. There is no age limit for EWD classes. EWD exhibitors may also compete in traditional SCSHA classes.
- A. The following classes for EWD exhibitors may be offered. Patterns will follow the AQHA Handbook or as supplied by show management. Riding classes will be walk/jog only:
 - EWD Showmanship
 - EWD Horsemanship
 - EWD Trail – see paragraph J
 - EWD Western Pleasure
 - B. A handler over the age of 16 shall accompany all EWD competitors into the ring. Handlers shall have a lead line in hand in case of need, but otherwise they should not interfere with the competitor's performance.
 - C. Each horse competing in EWD riding classes must wear a halter over or under the bridle. Other tack, equipment, and attire should follow the guidelines for the corresponding traditional class, although modifications may be made as necessary based on ability and safety needs. ASTM-approved helmets are required for all EWD exhibitors.
 - D. EWD classes will be split into two classes, "Independent" and "Supported" and the year-end points would be combined into 1 Buckle class.
 - E. Each exhibitor in an Independent Class must have a handler in the arena. Handlers will not have contact with the horse or rider unless needed to assure safety or directed by a judge or ring steward. The handler must be 16 years or older. A halter must be on each horse either over or under the bridle for use by the handler if needed. The handler must have a suitable lead in case of need.
 - F. The exhibitor in a Supported Class will have the presence of a handler and may need the support of one or two sidewalkers. Handlers may have contact with the horse using a loose lead attached without a chain to a halter in a manner that does not interfere with reining of the horse. A lead line must be attached to the halter and not to the bridle. Chains may not be used over or under the nose but may be looped through the bottom ring.
 - G. An exhibitor may not show both SUPPORTED and INDEPENDENT in the same class.
 - H. Classes will be run as separate groups, Supported is first then Independent.
 - I. Exhibitors are not required to use a single horse.

- J. Supported Trail will use the regular Walk/Trot pattern, except all at a walk only. Unsupported Trail will use the regular Walk/Trot pattern.

NOVICE RULES

52. A novice card holder will still fall under the SCSHA rules and regulations.

- A. He or she must hold a novice card to show in novice classes.
- B. A novice card holder may show in novice classes along with other classes.
- C. While holding a novice card, the novice person must maintain novice status and novice qualifications.
- D. The NOVICE division would split each NOVICE individual class in Showmanship, Western and English. Maximum NOVICE points is one hundred or has earned over 25 open adult or youth performance points (excluding walk/trot), at which time the exhibitor will be ineligible for that division (Showmanship, Western or English) only. NOVICE will be split into two age groups, eighteen and under, and nineteen and over, with age being determined as of January 1 of current year. The Points Secretary will determine eligibility according to points. Any other eligibility questions will be resolved by the Judges and Rules Committee.
- E. The Novice Committee holds the right to revoke any novice card for the following reasons: breaking SCSHA rules, failure to meet and maintain qualifications, or misconduct at SCSHA shows.
- F. Novice applications must be completed and turned into the Treasurer with a \$5.00 fee.
- G. The aforementioned fee will be refunded if the novice application does not pass approval from the Novice Committee.
- H. The aforementioned fee will not be refunded regardless of novice committee approval in such cases as the following:
 - 1. He decides against holding a novice card
 - 2. He does not conform to SCSHA and novice rules - card is revoked.
 - 3. He violates stated novice qualifications - card is revoked.
- I. A yearly fee will be required as long as the novice person meets the qualification.
- J. Qualifications for holding a novice card include:
 - 1. The novice person or immediate family must own the horse that is to be shown by that particular novice person. Ownership of the horse must exist 30 days before shown in a novice class.
 - 2. The person must be a current, up-to-date paid member of SCSHA.
 - 3. No novice person shall have received remuneration for showing, training, assisting in training, or judging anytime in the three previous years. Premium money is not considered remuneration.
- K. Other members of the immediate family may ride the novice person's horse, but the novice person must maintain probable training and care of the horse.
- L. NOVICE exhibitors may show leased horses with the following guidelines: (1) Prior notification must be given to SCSHA on a "showing" lease form and a copy of the detailed agreement between the two parties be provided, (2) The lessee (NOVICE) must be responsible for all expenses relating to the horse, (3) The leased horse may be shown by the NOVICE person leasing the horse, immediate family members and trainers, (4) A lease must be in effect for a minimum of one year and the lease must be to an individual only, and (5) Only one lease covering a horse will be recognized at a time.
- M. There are six novice classes, consisting of a Novice Hunt Seat Equitation, Novice Hunter Under Saddle, Novice Showmanship, Novice Horsemanship, Novice Western Pleasure, and Novice Trail classes.

RULE CHANGES

Once a suggestion, rule change, or amendment has been voted on by the membership and the Board of Directors and did not pass, it cannot be resubmitted again until the next year.

Recommendations from the membership for the following year's show schedule, showbill, rules/bylaws, etc. need to be submitted in writing to the board members by September 1.

DONATIONS

Any donations or funds solicited in the name of SCSHA will be receipted to the donor and submitted (receipt and monies) to the SCSHA Treasurer as soon as collected.

AWARDS

To qualify for a year-end award, the horse and rider combination must be nominated for each show year. Any exhibitor may show more than one horse or any horse may be shown by more than one exhibitor.

Horses do not need to be registered with a breed association to be nominated. Grade horses are also eligible for points and awards.

Only paid members and nominated horses of the Association are eligible to accrue points and win awards.

In order to qualify for year-end awards, an exhibitor must show in each class or classes at 50% of the shows (under 50% of the judges). If there are an odd number of shows, the percent will be rounded down. Each judge is a show. A double judged show would qualify for two shows.

However, for determining high-point awards, all points earned will count after the exhibitor shows in the minimum number of shows, even those classes that the exhibitor did not show in the minimum number of classes.

The horse and rider combination should show to the minimum number of judges in each buckle division to be eligible for year-end high-point awards. (Example: Performance vs. Ranch buckle divisions)

APPROVED POINT SCALE

1 st	2 nd	3 rd	4 th	5 th	6 th
6	5	4	3	2	1
5	4	3	2	1	-
4	3	2	1	-	-
3	2	1	-	-	-
2	1	-	-	-	-
1	-	-	-	-	-

The registration papers or copy of the same will be required when nominating the horse, if riding in breed specific classes. This will be required the first time the horse is nominated only. If a horse is not registered, notify the Treasurer at the time the nomination fee is paid.

Points earned prior to the nomination fee being paid and a copy of the horse's papers received by the Treasurer will not be counted.

Points will be accumulated on a one horse/one rider combination in regards to the high-point all-around award, except for EWD and Walk/Whoa divisions. If the horse dies or becomes unsound, a veterinarian's statement will allow the points to remain with the rider and a new horse can be shown.

The SCSHA does not recognize perpetual trophies at year-end awards or any other time. If a trophy is given as a year-end award, it stays with the person that it is given to.
